## COVID19 Pool Rules for 2020 pool season

The Franklin County Board of Health issued a list of mandatory actions that we must take in order to open our pool this year. We have taken this list and adapted a new set of additional rules. These rules must be followed until further notice. We are asking owners to report any person that violates the rules to Patterson Merkle. Our goal is to avoid our pool being shut down by the Health Department.

**Do not enter the pool area if you are sick or do not feel well**

**Masks are required** – No masks while inside the water

**Restrooms are closed** – Wipes and hand sanitizer provided

**Practice good personal hygiene** – wash hand before entering pool area, use hand sanitizer often (Can bring own disinfectant wipes to clean any surfaces)

**Maintain six (6) feet distance** – between yourself and others (See marked locations)

**No pool furniture will be provided** – if you want a seat please bring a towel or chair. No other items should be carried in

**Carry in – Carry out policy** – all personal items, trash, ashtrays, and chairs must be carried out when you leave. Any time left will be thrown away

**No guests at any time** – NO EXCEPTIONS

**Directional Signs** – Please follow the directional signs. Only one way in to enter and only one way to exit the pool deck area

**Violations to these rules may result in fines and can result in the pool being closed for the season**

Please remember that these rules have been developed for the safety of the residents in our community. The Franklin County Board of Health will be making unannounced visits in our community. If the Health Department closes the pool because of violations, we will have to abide by their decision.

Thank you for your efforts and cooperation
